**National Pier of
the Year Award
2025.**

**Herne Bay Pier
3rd Place!**

Queen Scoop.....

We recently had confirmation of a long held rumour that Queen rehearsed on Herne Bay Pier.

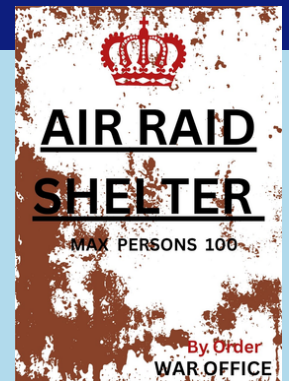

Roger Taylor stated in the Netflix documentary that before being known as Queen the band rehearsed for two weeks in the theatre on the Pier in Herne Bay he said "it was In the middle of winter, which was a desolate place to be, we were there for a week or two," Finally there is solid evidence from the rock band themselves that they did play on the Pier. A piece of scary trivia. Bohemian Rhapsody was 50 years old on Friday 31st October 2025.

JUNE V.E. DAY CELEBRATIONS

VOLUME 2
OCTOBER 2025

The V.E. Day Celebrations were a huge success despite the weather which was not kind to us! The wind was blowing at gale force it seemed but it didn't dampen the spirit of the event. There was a huge choir, a fabulous entertainer, lots of people and children in 40's fashion, a fancy dress competition and a very special cream tea for VIP' ticket holders, the atmosphere was buzzing. The Events Team excelled themselves organising and booking the entertainment programme ordering flags and signage to decorate the Pier which did look spectacular.

As always our fantastic Volunteers worked hard setting up, laying tables, placing chairs as well as stewarding the crowds during the day.

The Photo Booth was popular with the above back drop and several war time props available for people to choose from.

Phil our friendly professional photographer took the photos and donated half his proceeds to the Trust. 1940's music played all day apart from when the entertainment was on. Several war time signs were displayed around the Pier, the war office sign seems to have found its home on the Pier Office door!

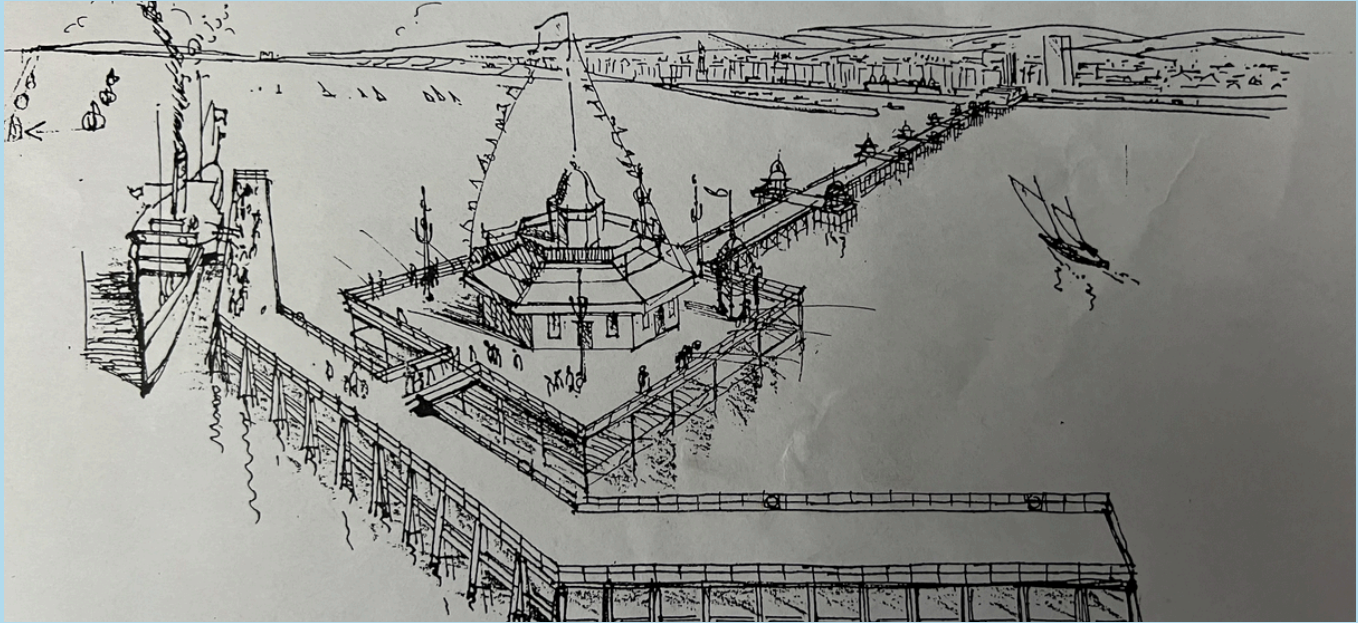

V.E. DAY CELEBRATIONS MONTAGE

VOLUME 2
OCTOBER 2025

Archive Donation

We recently received a donation of papers and files of historic documentation relating to Herne Bay and the Pier. We will archive them and hopefully show some on the website. The documents include photographs, newspaper clippings and notes made by Jean Herwin who was a strong community supporter who campaigned to save the Pier. The donation was made by her son Sebastian and gratefully received.

There are some wonderful Line drawings.

The artistic impression above shows an interesting idea to connect the two parts of the Pier

The Sports Hall Circa 1990

Archive Donation continued.

The Mural, painted by Penny Bearman from Deal was one of the items mentioned in the donation. The mural was painted on a wall situated on Central Parade near Cains and showed several celebrities with local connections, including Bob Hope who it is said fell from the Pier as a child!

The mural is currently missing... The wall it was on is covered by scaffolding and the mural has been removed. I do hope it is being restored and will be put back. Something to keep an eye on!
